MEMORANDUM

TO: Saint, Amazon for AS/17
FROM: Saint
SUBJECT: GEMENKOV, George
REFERENCE: LEX-TS-96

DECLASSIFIED AND RELEASED BY
CENTRAL INTELLIGENCE AGENCY
SOURCE METHOD EXEMPTION 3B2B
NAZI WAR CRIMES DISCLOSURE ACT
DATE 2007

1. Regarding subject's reference General Professor GOLONVIN, we have received the following information from the FBI:

a) One General Nicholas Golovin at one time was the writer of military commentaries for the *Parisaski Vestnik*, aka *Pariser Beobachter*. This paper was published three times weekly by the Russian Military Union, a worldwide organization consisting of Russian czar officers who were evacuated from the southern part of Russia during the last war. The headquarters of this organization was maintained in Paris, France, where there were elaborate facilities for propaganda, military schools, and contacts in every country of the world. The organization was always sympathetic to the Nazis and had been used by the German military authorities for espionage and intelligence work. This same individual was reported to be an adviser of the General Staff of the German Army.

b) The files of the FBI also show that a Professor General Nicolai Golovin was reported to have corresponded with the *Komsiya*, a pro-Fascist Russian paper in New York.

2. The Department of State reports no information on Golovin. In view of the possibility of penetration of the circles in which Golovin appears to move, we feel the security risk outweighs the possible value of an interview with him on subject.

3. Neither State nor FBI are able to supply any information on Paul TSCHULFSCHEFF.
